

Rolling Mills
since 1969

Third order in a row for finishing stands from
NUCOR STEEL

AUBURN – USA

Another order for two 14" horizontal stands have been placed this year. The stands will be delivered in July 2020, entirely pre-assembled and after being tested in our workshops in Italy.

The stands design incorporates the latest improvements experimented on site and will be equipped with:

- **Globoid gears for rolls gap adjustment**
- **Quick media connecting plates**
- **Rest bars with stainless coating**
- **Air-oil lubrication system**
- **On-board piping in stainless steel**

**AS RELIABLE
AS STEEL**
